PLATT IS CALLED AS A WITNESS

Sulzer's Secretary to Be Questioned Regarding the Bartering of Influence.

## SEVENTH CHARGE

Attorneys Called on to Produce Colwell—Garrison Must Stay in Prison.

Albany, N. Y., Sept. 27.—Chester C. Platt, secretary to Governor Sulzer, today was subpoenaed as a witness for the board of managers in the impeachment trial of the governor. He was served in the executive chamber. Platt is to be questioned Monday in relation to the governor's alleged bartering of his political influence in connection with certain highway improvements.

The seventh article of the impeachment charges contains the allegation that the governor promised Assemblyman H. G. Prime, Jr., that if he would work for legislation in which the governor was interested, he would sign a bill already passed by the legislature appropriating \$500,000 for the improvement of highways in Prime's section of the state.

The big, unanswerable question in Albany today was whether Frederick L. Colwell, Governor Sulzer's alleged "dummy" in his Wall street deals, would testify in the trial of the impeached executive. There was no session of the court today.

Asked to Produce Colwell.  
Twice within the last week counsel for the board of managers has called on Governor Sulzer's attorneys to produce Colwell. Their reply was that the matter had been left in the hands of the governor's attorneys. Hinman said Thursday that he thought he would be able to reach Colwell by night. But he did not. This morning he said the whereabouts of Colwell were still unknown to him.

Hudson, N. Y., was the scene of the only actual activity in the Sulzer case today. There James C. Garrison, a former state employee and personal friend of the governor, had a hearing before Supreme Court Justice Cochran, on an application for a writ of habeas corpus to obtain his release from the penitentiary. He is held for contempt of the assembly.

Garrison to Stay in Prison.  
Hudson, N. Y., Sept. 27.—James C. Garrison, friend of Governor Sulzer and former state employee, who made charges against certain assemblymen and declined to testify regarding them before the assembly, must remain in the Albany penitentiary until the assembly managers see fit to release him or this session of the legislature expires.

Supreme Court Justice Cochran sitting in the case of Garrison's application for a writ of habeas corpus, so decided this afternoon. The court ruled that the assembly had acted as a court and, therefore, he had no right to interfere with its ruling. Garrison's attorney announced he would appeal the case.

BABY RELIANCE WINS.  
Kansas City, Mo., Sept. 27.—The Baby Reliance, driven by Jay Smith of Algonac, Mich., today won the national speed contest, a seven mile motor boat race, the feature of the Kansas City Yacht club's regatta. Her time was eleven minutes and nine seconds. The Oregon Kid with S. W. Brock of Portland, Ore., at the helm, was second. The Tango was disabled by striking driftwood and was unable to finish.

A legal eleven-hour day for manufacturers has existed in Austria since 1885.

## UTAH WILL JOIN IN CELEBRATING BIG EVENT

A conference was held with Governor Spry of Utah and Mayor Park of Salt Lake City today regarding plans to celebrate the flooding of the last empty level of the Panama canal.

State-wide observance of the event will occur at the moment the Gamboa dike is blown up. According to arrangements discussed today, a special ceremony will be held in which state and city officials will participate.

## MINING CLAIMS ARE HELD BY CATTLE COMPANY

James Sheridan, special assistant United States attorney, arrived in Ogden this morning from Los Angeles to take up investigations regarding certain mining claims entered by the Grand Canyon Cattle company in the Kaibab forest in southern Utah and northern Arizona. It is contended by the government officials that the claims were fraudulently entered and should be cancelled.

District Forester E. A. Sherman states that nearly all of the alleged fraudulent claims cover tracts of land in which are embraced watering places in the national forest and that a careful investigation will be made by Mr. Sheridan.

Some of the cases will be heard in Ogden, while others will be considered at some other place in the southern part of Utah.

## FACTORIES OF THE CITY CARE FOR EMPLOYEES

Sanitary Inspector George Shorten has begun his inspections of the larger manufacturing, wholesaling and mercantile houses of the city and thus far has found conditions excellent. The first place visited, the John Scowcroft & Sons' building, was in a most desirable condition.

Much attention was paid to the overall manufacturing department. He found the large rooms to be scrupulously clean and well lighted. The dressing rooms are good and clean linen is supplied regularly. Drinking water flows from sanitary fountains.

Of the 160 employees on the roster, not one was absent through sickness. The inspector learned that the factory superintendent, F. G. Wright, keeps a close watch on his help and at the slightest sign of illness, the employee is ordered home for medical treatment.

When the inspector asked employees if they had complaints to make regarding working conditions none were forthcoming. Other factories and large establishments will be visited during the coming week, according to the inspector.

## TOMATOES HAVE NOT BEEN SEVERELY DAMAGED

Reports from the tomato fields and the canning factories are to the effect that but little damage has been done to the crop by frost. Only in certain districts were the tomatoes touched and in those places not much of the crop was damaged.

It is stated by the factory men that, if good weather prevails the next ten days, nearly all the tomatoes can be gathered and canned. The Warren and West Weber districts were the hardest hit by frost, but only tomatoes on the top vines were injured.

More than 1,000,000 workers in the metal industry in Germany get a week's vacation annually with pay. Reporters of New Zealand have secured a twelve-hour on a minimum wage of \$25 a week.

## ECHO OF THE CARNIVAL IS HEARD IN THE POLICE COURT

For variety, the docket in police court this morning was a prize winner for which no cup had been offered by the Fashion Show committee. On the mourners bench were a few that owed their predicament to excessive hilarity last evening. It required an hour and a half of Judge W. H. Reeder's time to dispose of the cases.

A sentence of 60 days or \$50 was given to V. E. Willis after he was found guilty of trying to ride away with a new bicycle on Wednesday evening. Had the bicycle been his own everything would have been well. The bicycle belonged to H. J. Newman, who has lost two bicycles within a few months. Willis claimed he knows nothing of what occurred, as he was horribly drunk.

J. Collier, charged with petit larceny, came next in the list judging by sentences. He pleaded guilty to taking \$5.45 from a Japanese billiard hall proprietor and making tracks at once for Salt Lake where he was captured. A sentence of 20 days or \$20 was his lot.

Robert Campbell, a 19-year-old resident of Idaho Falls, must serve five days or pay \$5 because he wanted five packages of confetti last evening and had no money, having spent his change for liquor refreshment. He got the confetti, when the owner of the "Oriental Face powder" got him and turned him over to the police.

Henry Piper pleaded guilty to disturbing the peace and was fined \$5. He was trying to crowd in the entrance of a dance hall last night, according to the arresting officer, and refused to move back when ordered to do so and became abusive instead. Piper, on the other hand, declared he was trying to get in to buy a ticket when the officer told him to get back. When he was slow in complying with the order, he was pushed in the face.

The case of Guy Cahoon, charged with carrying concealed weapons, was continued until tomorrow. In the meantime the ball was reduced to \$25. According to Patrolman Blackburn, who made the arrest, two men had come from the Grill cafe at 1 o'clock last night complaining that Cahoon had thrust a revolver against them, stating he was going to shoot up the town. Cahoon declared this morning that the men said they were going to do the shooting, so he took a gun from the drawer behind the counter and told them to start.

## CONFERENCE OF THE NORTH WEBER STAKE

The North Weber stake quarterly conference will be held in the Ogden tabernacle on Sunday.

There will be two sessions, 10 a. m. and 2 p. m. The principal speakers will be Elder Anthony W. Irvine, of the quorum of twelve and President Seymour B. Young of the First Council of Seventy, a cordial invitation is extended to the general public to be present. The tabernacle will be remodeled in time for the conference.

## M'GILL VISITOR IS PLEASED WITH THIS CITY

J. F. Clark, chief carpenter in the Guggenheim mills at McGill, Nev., has been a visitor in Ogden, the guest of Mr. and Mrs. Clifford Potter, Mrs. Potter being his granddaughter.

Mr. Clark is past eighty years of age but he continues his work as a carpenter and he says he is just as skillful today as he ever was. He was born in New York but has spent the past quarter of a century in the west, most of the time in mining camps.

Farm life is quite a revelation to him, and he has been so delighted with the rural districts of Ogden that he regrets to return to the dust and smoke of the mill.

Ely and McGill are thriving mining camps. Mr. Clark says, and plenty of money is in circulation. The mines and the mills furnish employment for about 4000 men and the payrolls amount to from \$300,000 to \$400,000 a month. The great copper deposits are at Ely while the mills are at McGill, fourteen miles distant.

## WHAT HAS BEEN DONE WITH THE WATER REPORT

Editor Standard: There is said to be a report of water conditions emanating from our worthy city physician and his assistant buried in the archives of the city commission, which if published, may prevent sickness, perhaps save life itself. Let us have it, "raus mit it." Respectfully, (Signed) FRED J. KIESEL.

Oregon was the first state to declare Labor Day a holiday. It occurred in 1887.

## J. C. NYE WILL NOT BE A CANDIDATE FOR OFFICE

As my name has been publicly mentioned in connection with the fall election, I will say that I shall not be a candidate for re-election to the office of commissioner of Ogden City at the coming election.

I desire to thank the many voters who have urged me to stand for the nomination at the primary election, but as my private business demands a part of my time, and I want the balance for rest and recreation, I decline to be a candidate. (Signed) J. C. NYE.

## MORE DECORATIONS IN THE BUSINESS DISTRICT

Today the city is still in its gala attire and the splendor of the Fashion Show decorations is somewhat increased over that of yesterday. Not until a late hour last evening did decorating cease.

The Lewis Jewelry store presented a beautiful scene last night under the glare of the electric lights, the silverware and jewels in the show windows and the interior of the store fairly dazzling the eyes. Aside from fine jewelry, the store is adorned with vines and autumn decorations. The meat decorations in the windows of the Washington market equal anything yet attempted in the city in that direction and many people are attracted by the unique figures in lard and fresh meats. A lard lady and the lamb-rib basket in the two windows bring admiration. The designing and making of the figures was by George Greenberg, an employee of the market.

The Electric Service company and the Ezra H. G. Williams music store are beautifully dressed in autumn leaves and flags and bunting today.

The Farley grocery store also is adorned in gay colors and embellished with bunting and leaves.

The Co-op Drug store carries bright colored ribbons and flags interspersed with other decorations and the Newton tin shop across the avenue is also decorated with fancy colors and flags and bunting.

The Upp jewelry store is beautiful in its decorations, adorned with jewels and silverware. Mr. Upp has taken great pains to display some of his choicest jewelry.

The Woolworth store is decorated with pennants, autumn leaves and richly colored flags and bunting.

The Electric Service company has its place of business elaborately studied with electric globes and the interior is adorned with leaves and autumn twigs.

The American Hair Dressing Parlors are beautifully arrayed in choice hair creations. The place also is dressed in autumn colors to correspond with the decorations of the E. F. Bratz real estate office next door.

Harry Goss did not forget to decorate the Orpheum with flags, bunting and autumn leaves.

The Bercraft bicycle and supply house and the Hutton Pharmacy are neatly decorated.

The Ogden Book and Curio place of business is well dressed in autumn leaves and a fine assortment of rugs and the "City" theater is in line with dainty decorations with flags and bunting.

The Sidney Stevens Implement company has the front of its building covered with large American flags and bunting.

The Buchmiller and Flowers, the clothing people, have their place of business nicely dressed in autumn leaves with fine toggery in evidence.

The Cullen dry store is in gay attire in flags, bunting and autumn leaves.

## PROVO MEN SEE THE PARADE AND ARE PLEASED

"Ted" Wilkins and George and Ernest Ekins of Provo stopped off in Ogden last night to witness the automobile parade and to get repairs done on their automobile before continuing a journey to the Salmon river country, where they are to make investigations of placer mines.

The gentlemen enjoyed the parade and stated that Ogden looked good to them.

Before their return home they expect to purchase some mining property in the Sawtooth range of mountains in Idaho and begin development work.

## U. P. RAILROAD MEN MUST PASS THE EXAMINATION

The instruction car and examination car of the Union Pacific railroad company are in the city and all engine men and trainmen of that company must be examined next week, beginning Monday.

Unless employees hold certificates showing that the examination on the rules and regulations have been passed, they will not be permitted to return

to work. Should an employee fail to visit the car during the week, he must follow the car at his own expense to be examined before he can continue in the employ of the road.

The instruction car is under the direction of O. W. Brandt and D. W. Blesse is head of the board of examiners.

The employees must be well versed in the rules to pass. But few fail in such examinations for the reason that when they enter the service they are given an examination that proves whether they have studied the regulations.

## WHY IS THE STATE FAIR?

Go to the State Fair. It is a duty you owe yourself and your state. Take your children with you. Let them begin to learn in their youth something of their State's resources so that when they grow up they will know and believe in Utah products.

Every year the State spends many thousands of dollars on this magnificent display of the products of her hills, valleys and factories. And why? Just stop to consider for a moment. Isn't it, in the last analysis, so that the people of the city may see and know of the products of the country and so that the dwellers on the farms may inspect and learn of the products of the cities, and so that the one may exchange their product for the surplus of the other and each be better off thereby? We cannot see how any unbiased person can inspect such a wonderful display as may be seen at the State Fair and remain unconvinced of the superiority of Utah Products.

Go—be convinced—and then obey that impulse!

Use Utah Products.
